Body Style:

Rectangular dimensional envelope

Pole Quantity:

1

Operating Voltage Type And Rating Per Pole In Volts:

125.0 dc single location

Trip Release Characteristic:

Instantaneous single location

Internal Trip Release Configuration:

Shunt trip single location

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A030a0
