End Application:

5925-01-166-7556 circuit breaker onboard 180 ft wlb coast guard vessels

Pole Quantity:

3

Operating Voltage Type And Rating Per Pole In Volts:

24.0 dc all locations

Trip Release Method:

Magnetic all locations

Trip Release Characteristic:

Instantaneous all locations

Special Features:

Shunt trip; remote tripping; trips breaker by remote tripping; trip coil de-energized when breaker opens

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A030a0
