End Application:

B-2 bomber

Maximum Continuous Load Current Rating Per Pole:

20.0 amperes ac all locations

Operating Voltage Type And Rating Per Pole In Volts:

50.0 dc all locations and 250.0 ac all locations

Trip Release Method:

Magnetic all locations

Trip Release Characteristic:

Time delay all locations

Reset Method:

Manual

Terminal Type And Quantity:

2 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A030a0
