Circuit Breaker - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5925-01-493-2309

Body Style:
Multipole-single actuator type
Body Length:
18.938 inches
Body Width:
10.250 inches
Mounting Surface To Terminal End Distance:
13.813 inches
Pole Quantity:
3
Special Features:
Operation: electrical (120 vac) or manual; overload devices: two elect tromechanical overloads; interrupting rating: 50ka rms sym; short
time withstand rating: 25ka for one half second
Frequency In Hertz:
60.0 all locations
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A030a0
