**Overall Length:**

6.000 inches

**Overall Width:**

4.000 inches

**End Application:**

Panel, breaker

**Voltage In Volts And Current Type:**

115.0 ac

**Special Features:**

Cts, model ii, emi, 400hz three phase refurbished units, overload 5000 amperes root mean square for more than 30 pu time to operate 50pu or less

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
