Bushing Length:

0.380 inches

Body Length:

1.562 inches

Body Width:

0.656 inches

Pole Quantity:

1

Trip Release Method:

Magnetic all locations

Inclosure Protection Type For Which Designed:

Hermetically sealed

Special Features:

This is a single pole series breaker dc, 50/60hz, 400 hz long time delay 135% trip. Amperage rating 1.000

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A030a0
