Circuit Breaker - Page 1 of 1

Bushing Length: 0.380 inches **Body Length:** 1.562 inches

Pole Quantity:

Body Width: 0.656 inches

Trip Release Method:

Magnetic all locations

Inclosure Protection Type For Which Designed:

Hermetically sealed

Special Features:

This is a single pole series breaker dc, 50/60 hz, 400hz instant time delay 135% trip, amperage rating 10.000

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A030a0
