| End Application:                                                        |
|-------------------------------------------------------------------------|
| Panel, control, electric plan (epcp) dwg 5107788                        |
| Pole Quantity:                                                          |
| 3                                                                       |
| Maximum Continuous Load Current Rating Per Pole:                        |
| 63.0 amperes ac all locations                                           |
| Operating Voltage Type And Rating Per Pole In Volts:                    |
| 240.0 ac all locations                                                  |
| Maximum Interrupting Capacity Current Type And Rating Per Pole In Amps: |
| 10.0 ac all locations                                                   |
| Frequency In Hertz:                                                     |
| 50.0 all locations or 60.0 all locations                                |
| Shelf Life:                                                             |
| N/a                                                                     |
| Unit Of Measure:                                                        |
|                                                                         |
| Demilitarization:                                                       |
| No                                                                      |
| Fiig:                                                                   |
| A030a0                                                                  |
|                                                                         |
