End Application:

Control panel 50gpm ultrafiltration system

Maximum Continuous Load Current Rating Per Pole:

90.0 amperes ac all locations

Operating Voltage Type And Rating Per Pole In Volts:

480.0 ac all locations

Circuit Protection Type:

Overcurrent all locations

Trip Release Method:

Magnetic all locations

Frequency In Hertz:

60.0 all locations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A030a0
