End Application:

An/spq 15 dat sb-4430/spq-1 (v) radar signal distribution switchboard

Pole Quantity:

2

Maximum Interrupting Capacity Current Type And Rating Per Pole In Amps:

50.0 ac all locations

Main Contact Tripping Mechanism Type:

Trip free

Product Name:

Magnetic circuit protectors, model upg-66-1-61-505-01

Special Features:

One handle per unit ul recognized and csa certified, short delay, black w/white markings; operating temp range: -40 to +85 degrees c.

Frequency In Hertz:

50.0 or 60.0 all locations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A030a0
