Product Name:

Gfci ground fault protection sensing module

Special Features:

A ground fault or equipment leakage sensing device; operates in tandem with an approved airpax lel series, ul 489 listed circuit breaker, with shunt trip and auxiliary switch; power and fault status indicators, provides identification of a ground fault vs short circuit trip; chemical and uv resistant enclosure; sensing module operates at 120vac or 240vac, single phase; frequency-50/60 hz; operating voltage-120 vac or 120/240 vac

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A556h0
