Overall Length:

3.50 inches

Overall Height:

2.00 inches

Overall Width:

2.265 inches

End Application:

Boat, work 30 ft.

Pole Quantity:

3

Trip Release Characteristic:

Time delay single location

Manual Actuator Type And Quantity:

1 toggle

Internal Trip Release Configuration:

Series trip single location

Trip Release Duty Cycle:

Continuous single location

Product Name:

Sealed toggle circuit breaker

Special Features:

Toggle is black in color and has no graduation markings; current rating: 5.00 amps; dc long delay trip;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A030a0
