Body Style:

Multipole-single actuator type

Body Width:

19.05 millimeters

Body Height:

63.50 millimeters

Pole Quantity:

2

Inclosure Protection Type For Which Designed:

General purpose

Product Name:

Circuit breaker

Special Features:

Frequency 50/60 hz; inrush code 8x; mounting 6-32; terminals 10-32 threads 70a; ul 1077; max rating 100 z; max voltage 250 v; trip free feature helps prevent the circuit breaker from being held in the on position during overload; self-cleaning contacts; mid-trip alarm switch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A030a0
