Overall Length:

4.750 inches

Overall Height:

2.188 inches

Overall Width:

2.188 inches

Individual Section Quantity:

1

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Features Provided:

Actuator knob and variable resistor

Contact Voltage Rating In Volts:

600.0 highest ac voltage rating at sea level

Switch Actuator Indexing Position Quantity:

3 single actuator

Terminal Type:

Tab w/screw

Switch Actuator Stop Device Type:

Fixed stop single actuator

Contact Load Current Rating:

6.0 amperes resistive load highest ac voltage rating at sea level

Special Features:

Four t-3-1/4 lamps not supplied

Style Designator:

Tap, square frame

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
