## NSN 5930-00-005-3148

Rotary Switch - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5930-00-005-3148

**Overall Length:** 

4.750 inches

**Overall Height:** 

2.188 inches

**Overall Width:** 

2.188 inches

Individual Section Quantity:

1

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

**Features Provided:** 

Actuator knob and variable resistor

**Contact Voltage Rating In Volts:** 

600.0 highest ac voltage rating at sea level

Switch Actuator Indexing Position Quantity:

3 single actuator

**Terminal Type:** 

Tab w/screw

Switch Actuator Stop Device Type:

Fixed stop single actuator

Contact Load Current Rating:

6.0 amperes resistive load highest ac voltage rating at sea level

**Special Features:** 

Four t-3-1/4 lamps not supplied

Style Designator:

Tap, square frame

Shelf Life:

N/a

Unit Of Measure:

---

Demilitarization:

No

Fiig:

A052b0
