End Application:
2995-00-954-2829
General Description:
L width 0.221 min 0.226 max; 0.063 diameter hole drilled through 0.112 in from edge; thickness 0.032 in; mail sainless steel no 430;
diameter of center opening 0.187 min 0.189 max; length from center of opening 0.312 in
Fsc Application Data:
Valve and actuator, air shutoff, aircraft engine accessory
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
