Body Length:

0.750 inches

Overall Diameter:

0.250 inches

Temperature Sensing Element Type:

Internal sensor

Terminal Type:

Tab, solder lug

Contact Adjustability:

Actuation point adjustable, preset

Contact Stimulus Rating:

72.50 actuation point degrees celsius

Contact Voltage Rating In Volts:

230.0 ac at sea level second voltage

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
