Temperature Sensing Element Type:

Capillary tube-bulb

Mounting Method:

Bracket

Contact Action Stimulus:

Decrease

Mounting Facility Pattern:

Four position rectangular

Nonpile-up Contact Arrangement:

1 pole, single throw, normally closed, momentary action

Terminal Type:

Tab w/screw

Contact Adjustability:

Deactuation point adjustable and actuation point adjustable

Contact Adjustment Range:

-7.00 to 37.00 actuation point degrees fahrenheit

Contact Voltage Rating In Volts:

115.0 ac at sea level single voltage

Media For Which Designed:

Gas

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
