Overall Length:

1.813 inches

Overall Height:

0.281 inches

Overall Width:

1.438 inches

End Application:

Type no. J

Accessory Components And Quantity:

2 blades, 2 rivets

Usage Design:

Used to make and break an electrical circuit

Mounting Configuration:

Mounts by one 11/32 in. Sq holes, one corner of which is flattened

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-k
