Thread Length:

0.375 inches single mounting facility

Shaft Length:

1.000 inches single actuator

Individual Section Quantity:

2

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Mounting Method:

Threaded bushing single mounting facility

Shaft Type:

Round single actuator

Terminal Type:

Clip

Style Designator:

Circular wafer, bushing mount

Reference Number Differentiating Characteristics:

As differentiated by contact arrangement

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A052b0
