Switch Actuator Quantity:

2

Maximum Voltage Rating In Volts:

230.0 dc

Inclosure Type:

Fully enclosed

Nonpile-up Contact Arrangement:

2 pole, single throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

10.000 amperes resistive dc

Terminal Type And Quantity:

4 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
