Overall Length:

2.438 inches

Overall Width:

2.000 inches

Body Height:

3.750 inches

Contact Action Stimulus:

Increase

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained

Contact Load Current Rating:

6.0 amperes resistive load first voltage

Contact Adjustability:

Deactuation point not adjustable, manual reset and actuation point not adjustable

Contact Stimulus Rating:

135.00 actuation point degrees fahrenheit

Contact Voltage Rating In Volts:

240.0 ac at sea level first voltage

Media For Which Designed:

Gas

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
