Thermostatic Switch - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5930-00-305-4861

Overall Length:
2.438 inches
Overall Width:
2.000 inches
Body Height:
3.750 inches
Contact Action Stimulus:
Increase
Nonpile-up Contact Arrangement:
1 pole, single throw, both positions maintained
Contact Load Current Rating:
6.0 amperes resistive load first voltage
Contact Adjustability:
Deactuation point not adjustable, manual reset and actuation point not adjustable
Contact Stimulus Rating:
135.00 actuation point degrees fahrenheit
Contact Voltage Rating In Volts:
240.0 ac at sea level first voltage
Media For Which Designed:
Gas
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
