Overall Length:

1.875 inches

Overall Height:

0.875 inches

Overall Width:

1.750 inches

End Application:

Part no. 16d1205-45-a-2

Usage Design:

Used as internal actuating mechanism of switch

Mounting Configuration:

Mounts by tapered pin in shaft

Special Features:

Major components: shaft 1, contact arm 1, coil spring 2, contact 4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
