Overall Length:

18.625 inches

Overall Height:

12.875 inches

Actuation Method:

Buoyancy

Float Quantity:

1

Mounting Method:

Thread

Mounting Position:

Vertical

Contact Arrangement:

2 two circuit, double break/double make, both positions maintained

Liquid Type For Which Designed:

Water

Mounting Dimensions:

Two 1 in. Npt threaded ports

Float And Contact Positions:

Float up, contacts closed and float up, contacts open and float down, contacts closed and float down, contacts open

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T109-d
