**Overall Length:**

18.625 inches

**Overall Height:**

12.875 inches

**Actuation Method:**

Buoyancy

**Float Quantity:**

1

**Mounting Method:**

Thread

**Mounting Position:**

Vertical

**Contact Arrangement:**

2 two circuit, double break/double make, both positions maintained

**Liquid Type For Which Designed:**

Water

**Mounting Dimensions:**

Two 1 in. Npt threaded ports

**Float And Contact Positions:**

Float up, contacts closed and float up, contacts open and float down, contacts closed and float down, contacts open

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T109-d
