Body Style:

Uncased

Body Diameter:

Between 0.270 inches and 0.290 inches

Body Length:

Between 0.775 inches and 0.950 inches

Maximum Voltage Rating In Volts:

10.0 dc

Switch Actuation Differential Angle:

30.0 degrees

Nonpile-up Contact Arrangement:

1 pole, double throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

6.800 amperes resistive dc

Terminal Type And Quantity:

3 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
