**Body Style:**

Uncased

**Body Diameter:**

Between 0.270 inches and 0.290 inches

**Body Length:**

Between 0.775 inches and 0.950 inches

**Maximum Voltage Rating In Volts:**

10.0 dc

**Switch Actuation Differential Angle:**

30.0 degrees

**Nonpile-up Contact Arrangement:**

1 pole, double throw, both positions maintained single switch unit

**Contact Load Current Rating At Maximum Rated Voltage:**

6.800 amperes resistive dc

**Terminal Type And Quantity:**

3 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A053a0
