Body Style:

Bushing mounted

Hazardous Locations/environmental Protection:

Weatherproof

Actuator Diameter:

0.750 inches

Maximum Voltage Rating In Volts:

12.0 dc

Inclosure Type:

Fully enclosed

Mounting Method:

Threaded bushing

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

25.000 amperes resistive dc

Terminal Type And Quantity:

2 tab w/screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
