**Overall Length:**

9.250 inches

**Overall Diameter:**

2.250 inches

**Mounting Configuration:**

Thd mounted to switch actuator

**Special Features:**

Major components: damper spring 1, guide assembly 1, push rod assembly 1

**Fsc Application Data:**

Switch, float, fuel system engine, aircraft

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51110
