Overall Length:

9.250 inches

Overall Diameter:

2.250 inches

Mounting Configuration:

Thd mounted to switch actuator

Special Features:

Major components: damper spring 1, guide assembly 1, push rod assembly 1

Fsc Application Data:

Switch, float, fuel system engine, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
