Temperature Sensing Element Type:

Internal sensor

Contact Action Stimulus:

Increase

Terminal Type:

Tab w/screw

Contact Load Current Rating:

5.0 amperes resistive load single voltage

Contact Adjustability:

Actuation point not adjustable

Contact Stimulus Rating:

150.00 actuation point degrees fahrenheit

Contact Voltage Rating In Volts:

230.0 ac at sea level single voltage

Media For Which Designed:

Gas or liquid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
