Body Length:

17.240 inches

Body Width:

15.940 inches

Body Height:

0.380 inches

End Application:

Joint electronics designation, an/grc-171

Mounting Configuration:

Fifteen mtg holes irregularly spaced

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Chemical film

Fsc Application Data:

Radio and television communications equipment, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T23700
