| 0.625 inches                                                              |
| Case Material:                                                            |
| Plastic                                                                   |
| Unthreaded Mounting Hole Diameter:                                        |
| 0.114 inches                                                              |
| Center To Center Distance Between Mounting Facilities Parallel To Height: |
| 0.406 inches                                                              |
| Actuator Length:                                                          |
| 0.110 inches                                                              |
| Actuator Style:                                                           |
| Rectangular                                                               |
| Actuator Width:                                                           |
| 0.165 inches                                                              |
| Maximum Voltage Rating In Volts:                                          |
| 250.0 ac and 250.0 dc                                                     |
| Inclosure Type:                                                           |
| Fully enclosed                                                            |
| Mounting Method:                                                          |
| Unthreaded hole                                                           |
| Nonpile-up Contact Arrangement:                                           |
| 1 pole, double throw, one position momentary single switch unit           |
| Switch Release Force:                                                     |
|                                                                           |
| 4.0 ounces                                                                |

Between 6.0 ounces and 14.0 ounces

**Actuator Movement:** 

Between 0.047 pretravel inches and 0.010 overtravel inches and 0.024 overtravel inches and 0.006 differential inches and 0.016 differential inches

## **Contact Load Current Rating At Maximum Rated Voltage:**

250.000 milliamperes resistive dc and 15.000 amperes resistive ac
