Distance Between Mounting Facility Centers:
2.188 inches
Mounting Method:
Bracket
Mounting Facility Pattern:
Two position in-line
Terminal Type:
Tab, solder lug
Contact Load Current Rating:
8.0 amperes resistive load first voltage
Contact Voltage Rating In Volts:
230.0 ac at sea level first voltage
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A048b0
