Width Between Flats:

0.265 inches single actuator

Shaft Length:

1.125 inches single actuator

Individual Section Quantity:

1

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Mounting Method:

Threaded bushing single mounting facility

Shaft Type:

Round, parallel flatted single actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
