Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Mounting Method:

Strut single mounting facility

Contact Voltage Rating In Volts:

230.0 ac at sea level

Contact Switching Action:

Makes before breaks single section rear

Contact Load Current Rating:

250.0 milliamperes resistive load ac at sea level

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
