Overall Length:

6.000 inches

Overall Diameter:

0.250 inches

Temperature Sensing Element Type:

Mercury

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained

Terminal Type:

Wire lead

Contact Adjustability:

Actuation point not adjustable

Contact Stimulus Rating:

60.00 actuation point degrees celsius and 70.00 actuation point degrees celsius

Media For Which Designed:

Gas or liquid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A048b0
