Overall Length:

5.800 inches

Overall Height:

3.625 inches

Overall Width:

5.080 inches

End Application:

Radio set, radio navigation, airborne

Component Type And Quantity:

2 gear and 1 motor and 1 plate and 4 ring and 13 screw and 14 washer

Special Features:

Gear assembly 3; 13 different diameter mtg holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
