Body Style:
Bushing mount
Center To Center Distance Between Mounting Facilities Parallel To Length:
3.281 inches
Body Length:
2.250 inches
Body Width:
1.219 inches
Body Height:
0.938 inches
Actuator Length:
0.625 inches
Maximum Voltage Rating In Volts:
250.0 ac
Nonpile-up Contact Arrangement:
1 pole, single throw, both positions maintained single switch unit
Contact Load Current Rating At Maximum Rated Voltage:
20.000 amperes resistive ac
Special Features:
Lever type actuator
Terminal Type And Quantity:
2 screw
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A053a0
