Body Style:

Bushing mount

Center To Center Distance Between Mounting Facilities Parallel To Length:

3.281 inches

Body Length:

2.250 inches

Body Width:

1.219 inches

Body Height:

0.938 inches

Actuator Length:

0.625 inches

Maximum Voltage Rating In Volts:

250.0 ac

Nonpile-up Contact Arrangement:

1 pole, single throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

20.000 amperes resistive ac

Special Features:

Lever type actuator

Terminal Type And Quantity:

2 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
