**Overall Length:**

0.790 inches

**Overall Height:**

1.334 inches

**Overall Width:**

0.650 inches

**Actuator Length:**

1.140 inches

**Maximum Voltage Rating In Volts:**

30.0 dc

**Nonpile-up Contact Arrangement:**

2 pole, double throw, both positions maintained single switch unit

**Contact Load Current Rating At Maximum Rated Voltage:**

1.000 amperes resistive dc

**Special Features:**

Push plate type actuator

**Terminal Type And Quantity:**

6 solder stud

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A053a0
