Overall Length:

0.790 inches

Overall Height:

1.334 inches

Overall Width:

0.650 inches

Actuator Length:

1.140 inches

Maximum Voltage Rating In Volts:

30.0 dc

Nonpile-up Contact Arrangement:

2 pole, double throw, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

1.000 amperes resistive dc

Special Features:

Push plate type actuator

Terminal Type And Quantity:

6 solder stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
