Shaft Diameter:

0.250 inches single actuator

Shaft Length:

0.720 inches single actuator

Individual Section Quantity:

1

Switch Contact Basic Design:

Nonpile-up nonsymmetrical

Mounting Method:

Threaded bushing single mounting facility

Shaft Type:

Round single actuator

Switch Actuator Positioning Increment:

30.0 degrees single actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
