Width Between Flats:

0.176 inches single actuator

First Flat Length:

0.500 inches single actuator

Shaft Diameter:

0.250 inches single actuator

Shaft Length:

0.875 inches single actuator

Individual Section Quantity:

5

Switch Actuator Indexing Position Quantity:

4 single actuator

Shaft Type:

Round, parallel flatted single actuator

Terminal Type:

Tab w/screw

Switch Actuator Positioning Increment:

90.0 degrees single actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A052b0
