Overall Width:

Between 0.461 inches and 0.470 inches

Overall Diameter:

Between 1.994 inches and 1.998 inches

Mounting Method:

Hole

Switch Position Quantity:

3

End Application:

Joint electronics designation, rt-581/urc-9

Mounting Configuration:

Three 0.067 in. Mtg holes

Positioning Increments In Deg:

221.0

Stop Adjustability:

Nonadjustable

Fsc Application Data:

Radio and television communications equipment, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-g
