**Body Style:**

Panel mount

**Body Length:**

0.750 inches

**Body Width:**

0.750 inches

**Body Height:**

2.676 inches

**Maximum Voltage Rating In Volts:**

28.0 dc

**Inclosure Type:**

Fully enclosed

**Nonpile-up Contact Arrangement:**

2 pole, double throw, double break/double make, permanent jumper, both positions maintained single switch unit

**Contact Load Current Rating At Maximum Rated Voltage:**

5.000 amperes inductive dc

**Terminal Type And Quantity:**

13 socket, integrated wire termination

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A053a0
