Body Style:

Panel mount

Body Length:

0.750 inches

Body Width:

0.750 inches

Body Height:

2.676 inches

Maximum Voltage Rating In Volts:

28.0 dc

Inclosure Type:

Fully enclosed

Nonpile-up Contact Arrangement:

2 pole, double throw, double break/double make, permanent jumper, both positions maintained single switch unit

Contact Load Current Rating At Maximum Rated Voltage:

5.000 amperes inductive dc

Terminal Type And Quantity:

13 socket, integrated wire termination

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A053a0
