Body Style:
Panel mount
Body Length:
0.750 inches
Body Width:
0.750 inches
Body Height:
2.676 inches
Maximum Voltage Rating In Volts:
28.0 dc
Inclosure Type:
Fully enclosed
Nonpile-up Contact Arrangement:
2 pole, double throw, double break/double make, permanent jumper, both positions maintained single switch unit
Contact Load Current Rating At Maximum Rated Voltage:
5.000 amperes inductive dc
Terminal Type And Quantity:
13 socket, integrated wire termination
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A053a0
