

View Online at <https://aerobasegroup.com/nsn/5930-01-035-8172>

Special Features:

Single pole binary coded, bcd 1-2-4-8 with complement, 10 positions, matte finish, aviation red lighting, wire loop termination, tangential operating force 6-20 ounce, operating temp range m65/p100 degrees c, corrosion resistant metal, precious metal alloy rotor contacts, gold over nickel over copper stator contacts, dielectric withstanding voltage 1000 vrms, insulation resistance 1000 megohms min

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A052b0
